The Honorable Matt Larson
Mayor of Snoqualmie
PO Box 987
Snoqualmie, WA 98065

Dear Mayor Larson:

Congratulations! The Snoqualmie Wastewater & Reclamation Facility is receiving the 2018 “Wastewater Treatment Plant Outstanding Performance” award. Of approximately 300 wastewater treatment plants statewide, yours is one of 109 that achieved full compliance with its National Pollutant Discharge Elimination System (NPDES) permit in 2018.

My staff evaluated wastewater treatment plants in Washington for compliance with the effluent limits, monitoring and reporting requirements, spill prevention planning, pretreatment, and overall operational demands of the NPDES permit.

It takes diligent operators and a strong management team, working effectively together, to achieve this high level of compliance. It is not easy to operate a wastewater treatment plant 24 hours a day, 365 days a year, without violations. Ecology appreciates the extraordinary level of effort your plant operators demonstrated throughout 2018. Talented and proficient operators are critical to successful plant operations and protecting the health of Washington’s waters. Your excellent record is a credit to the dedicated operators who are responsible for running the award-winning Snoqualmie Wastewater & Reclamation Facility.

We will announce the 2018 award recipients, including the Snoqualmie Wastewater & Reclamation Facility, in the coming weeks.

Please call Amy Jankowiak at (425) 649-7195 if you have any questions or comments about your award.

Thank you for the excellent service your operators provide to your community and the waters of Washington.

Sincerely,

Heather R. Bartlett
Water Quality Program Manager

DOW CONSTANTINE

KING COUNTY EXECUTIVE

May 23, 2019

Matt -

Thank you for your partnership, time, and effort to make the case for climate and energy action this session. I'm excited that we were able to advance policies that reduce carbon emissions, save energy and money, and build a robust clean energy economy.
